COUNCIL MEETING .- Council holds its regu lar sessions this evening.

THE FIRST OF APRIL -This is all fools day but the times are too serious for joiling.

VEGETABLES .- We thank C. Lemeyne, Esq. a present of executives and celery

THANKS -We are indebted to Messes. Border and Reuting, of the Southern Express, for New Orless

Dabers.

LAND FOR SALE .- Look at the advertisemen of 10% acres of land at a bargein, also a six-acre let, and a dwelling to let.

SUGAR AND MOLASSES.-The sale of the above articles will commence this morning at 9 o'clock Mr. Cayor says, the mays being longer and warmer, I will suit all classes better to open at 9 o'clock, VIOLATING ORDERS.—The Recorder yester-

day fixed Thomas Kell-y and John Dunnegan ten del lars each, for violating the Provest Marshal's orders re specting houses of 111 fame.

LIMESTONE SPRINGS.-This beautiful and healthy spot, warranted by the proprietor to be the safest place in the Confederacy during the existence of the present trouble, is for sale for \$10,000. They are near the Blue Rolg- tunnel, thirty miles south of Chattanooga. See the advertisement.

RECORDER'S COURT .- This court now com mences business at eight o'clock in the morning, instead of nine. The Recorder had eighteen cases before him "yesterday. Three were for drunkenness, fixed six dollar each. Margaret Bostick, for keeping a disorderly house was fined six dollars.

BENEFIT OF PROFESSOR MILLER. - Som weeks ago this gentleman designed giving an entertain ment; but, from unavoldable causes it was postponed It will be given on Wednesday evening next, and should it be specessful, will be followed by another, the proceeds of which will be given to our ' soldier boys.' We trust that a generous public will bestow upon Prof. Miller the shoomegement which he so well deserves.

DESERVED PROMOTION.-We are pleased to n that Dr. Sam Bard has been commi to raise a company for Gol. Harmon's regiment. His success heretofure in obtaining recruits for this command gives assertance that he will soon be at the head of a galiant corps. The other officers will be chosen as soon as the command is made up. A private donation of \$1000 hm already been made to aid in equipping the force, which is addition to the provision made by government, will insure a complete outfit. Capt. B. is also appointed general arent for the regiment, and is authorfred to regions and receipt for all contributions of money cotton, blankets, etc., trat may be made. He can be found daily until he o'clock, at Col Harmon's headquartors, in the Walker Block, on Main street.

COUNTERPET CHECKS .- The public will have to be on their guard against counterfell checks. Mr. H. Dow, of Front Row, between Poplar and Exchange streets, showed us, vosterday, a counterfest brass drev shock on him for twenty-five cents. When compared with the gennine, the difference is readily seen, but the public carnet fell the true from the false. Mr. Dow has beard that lifteen contribute, purporting to be his, are out. He has none of that amount. Counterfeels may have been made on other checks. The citizens must be on their guard. In New Orleans this kind of counterfeiting has been extensively practiced.

DIED IN THE STREET.-At 6 o'clock yesterday meraing Officer Vira found a young man of about twenty years of ago, lying at the corner of Winehester and Third streets, in a helplets condition. He had blur put on a dray and took him to juil. On reaching that place the man was dond. An inquest was held and a verdict was returned that he came to his death from sickness and exp.Seure. Elis clothing was coarse but decent, and he had not the appearance of a person given to drinking. This is and I care-with the street for his bod and the unpitying og above him, friendless, unknown, without a hand to believe a hears to sympathise with his misery, he left

SOLDIERS' WIDOWS AND ORPHANS.-We night, for an appropriation for the benefit of the widows and children of soldlers that may be received in the Home for the Homeiess, in accordance with a resolution lately adopted by the ladies having that institution in charge to receive and afford a home to such. To carry out this resolution will, of course, entail a heavy expense. The Legislature and a resolution before it to make a grant for the purpose, but it adjourned before the subject could be voted on. In New Orleans the City Council has made liberal appropriations for soldiers' families. The examthe has not been followed bers. Many soldiers' families will be left destitute, not only from the death-of the father and bushned, but from the loss of limbs and the consequent limbility to support those dependent upon them. The plain presented to Council is a strong one,

WEEKLY MARKET REPORT. PURRISHED PROMITHE MERCHANTS' EXCHANGE,

MONDAY EVENING, March 3L. NOTE.-The quotations given in the following review t must be understood, are wholesale prices, except where otherwise noticed; and that in all cases in the filling of mall orders, higher rates will be charged.] The duliness and depression characterizing our gen-

stal market during the past week, has been without parallel since the commencement of the war, operations having been few in number and confined almost excludvely to the requirements of home consumption and of s purely local trade; and it were useless to predict or expect an improvement for the better so long as the resent military restrictions upon trade and commerce are rendered necessary by the exigencies of the times. There has been no movement in cotton or tobacco, the supply of which latter article is well nigh exhausted. With meagre supplies of grain and breadstiffs, and a very moderate inquiry prevailing, prices have experienced very little change, and to the details which follow, former quotations are generally repeated. The government has been a free purchaser of mests, and For Helens, Willeling and St. Francis Bress-Poesotwitstanding the comparatively liberal receipts of the week, prices are still tending upward. There is a slight still very much unsertled. The agreement recently entered into between the banks and brokers of the city. whereby the traffic in coin across their counters is for the present suspended, is having a most salutary infinence upon the market, the excitement of the past few weeks having not only given place to comparative quistude, but where transactions are effected, a considerable decline in rates is apparent. For the present, however, the buying and selling rates of gold and silver may be considered nominal. New Orleans exchange is quiet at 16 discount, buying, and 1 premium, selling.
